Life Insurance Company OF NORTH CAROLINA

HOME OFFICE · RALEIGH

MICOU F. BROWNE, C. L. U.
PRESIDENT

Log of the S. S. Fellowship

November 15, 1973

It was a delight to have our mate Lloyd Stone and his wife here in St. Louis. Eleanor and I had them as our guests for a lovely evening. Lloyd's Jaycee days were in Tulsa, but he has lived in the Washington DC area for many years. His new address, incidently, is 1001 Spring Street, Apt. 706 Silver Spring, Maryland 29010.

Ray Roper sent me the information that Paul Bagwell passed on October 25th and a scholarship fund has been established in his name at Michigan State University, East Lansing, Michigan, to which donations can be made. We send our condolences to his widow, the address is 1051 Devonshire, Grosse Pointe, Michigan 48210.

Sherm Humason wrote, "Just had a phone call from Olga Lusby saying that Letch passed away at his home in Irving, Texas". We regret his passing, too, and sent our condolences to his widow.

Beth McMorris wrote that Rex passed away at Evanston, Illinois. She recounted the wonderful folks in the Crew and how much she and Rex enjoyed the "Log", so I'm keeping her on the mailing list. Her address is 1203 Hinman Avenue, Evanston, Illinois 60202.

Harold Clark whose new address is 3245 South Delaware Avenue, Milwaukee, Wisconsin 53207 said, "After 3 attempts to retire (I couldn't stand it) I am acting as Business Manager for Jennings Trust". Evidently he's enjoying this work and I'm glad to see him active again.

Mark Matthews (whose new address is 410 North Ocean Boulevard, Delray Beach, Florida 33444) sent me a copy of a letter he wrote to Rick Clayton, the USJC President, in which he spoke of the proceedings of the 22nd USJC Convention held in Minneapolis June, 1941, including the motion made by Warren Burger, now Chief Justice of the Supreme Court, regarding continuing FUTURE Magazine saying, "Doubts and fears about the future are not going to disconcert us or throw us off the track", which met with great applause. Fond memories, Mark and Warren.

I'm using the letterheads of E. J. Plott, who was President of the Ohio Jaycees in 1955 and National Director 1957/58. He has the largest Real Estate Sales Organization in Ohio plus an insurance agency, mortgage company, and related businesses. Thanks for sending the letterheads E. J.

Bob Parks (US Jaycee Treasurer 1966-67) is now Controller of St. Mary's Hospital, Box #232, Enid, Oklahoma 73701. We wish you a fine tour of duty there.

Fred Gillen sends the news that President Nixon appointed W. Hughes Brockbank, Utah State Senator, to be a member of the National Advisory Council on Vocational Education. Congratulations, Hughes, and thanks Fred for the good news.

Norm Birnkrant wrote that Gil Dittmer's address is 1954 City National Bank Building, Detroit, Michigan 48226 - that Gil is on his Reception Committee of the Economic Club and that they are together every Monday - so he's back on the mailing list. Thanks, Norm. Bruce Palmer also sent in Gil's home address. Thanks, Bruce.

Jack Pride sends his new address - 309 Locust Street, Evansville, Indiana 47708 and Horace Russell Smith's correct address is 16675 Ovilla Drive, San Diego, California 92128; Floyd Stewart, whose address is 506 Fifth Street, Monett, Missouri 65708, sent his Christmas Greetings in hopes that, "We'll hear from some long lost friends" who may have crossed us off their lists". It was quite a unique folksy letter telling all about his family. Thanks, Floyd.

Baxter Maddox has a new office address - 1222 1st National Bank Tower, Atlanta, Georgia and Gene Baird, who is President of the Eastern Distributing Company, also has a new address - 7259 Eby Drive, Merriam, Kansas 66204. Bruce Palmer says he is, "Semi-retired" and now lives at 1235 Hillside Road, Pasadena, California 91105. Enjoy your "Semi-retirement Bruce".

Henry Kearns sent me a copy of the Export-Import Bank and it makes most interesting reading. Henry has done a grand job and deserves our commendation for the great improvement in world trade.

Charlie Kothe teamed up with Ed Green to conduct a seminar on communications in managing human resources, at the Fairmont Mayo Hotel at Tulsa - and Charlie said it was almost a replay of their presentation at the Crew meeting several years ago.

Allen Heuerman wrote, "After a two year lapse I received the October "Log". I guess it was my error you didn't receive any change of address. It is now 301 Shelard Parkway North, Apt. 144, St. Louis Park, Minnesota 55426". "Scoop" was National Director 1947-48 and Minnesota State President 1948-49, so we're glad to have him aboard.

Our mate Frank X. Meehan, of Hot Springs, Arkansas, now 84 years old is still devoting energies as he said, "To make every hour of the day count for something useful". The "Hot Springs New Era" newspaper paid him great compliments with the heading, "Frank X. Meehan's Life is Devoted to Humanity". Good reading, Frank, and may you have many more years of devotion.

We want to congratulate Amelito Mutuc, who was awarded the highest award for leadership from the World Peace Through Law Center, for being among others, an outstanding leader of the Jaycees. It was given at the 6th World Conference of the organization held at Abidjan, Ivory Coast. Mel, we salute you.

I've been active for years in the Boy Scout movement as have many others of our Crew and they'll enjoy what our Scout Executive wrote in his monthly letter - and you will too. He wrote,

"As I see it, the investment of your life in others is example enough to the boy members of our movement, that man was never intended to be a reservoir but a channel".

Cordially,

John H. Armbruster

Keeper of the Log

P. S. - We didn't have enough of E. J. Plott Agency letterheads so we filled in with those of Occidental Life Insurance Company of North Carolina.
