Log of the S. S. Fellowship

November 5, 1976

Inasmuch as the World Congress of Jaycees International will be opening in a few days and I'll be too busy to write the Log, I thought I'd send it out today and report on the Congress in the next issue.

This issue is being sent out on the letterheads of Jim Barickman, who in sending them wrote, "Certainly enjoy receiving the "Log" - it's great to read about all of the guys you used to work with in the Jaycees" and that's it's purpose, Jim.

Howdy Reynolds writes that Anchorage, Alaska would be a good place for a Crew Reunion and Mayor George Sullivan invites us. Howdy, boosting it, said the airlines have a triangle flight - Seattle to Anchorage, then to Honolulu and back to San Francisco and thus see two of the "Off-shore states" in one trip.

Perhaps this could be in 1978 as Hugh McKenna has worked out the arrangement at Williamsburg at the Fort Magruder Hotel. He and Phil Knox, Bob Lindholm, Sumpter Priddy, who is 1977 Chairman, are really "on the ball" making arrangements and with that team we're in good hands and I'll keep you informed of the final plans.

Frank Mueller writes, "I feel you might mention in the "Log" about the great contribution Allen Whitfield has made to the Chamber of Commerce of the United States - he has worked hard for the private enterprise system through his activities there. We need more dedicated citizens like him". I'm glad to tell all of you about this.

Speaking of the free enterprise benefits, in sending his letterheads to be used on a subsequent issue, our mate Emil Beck writes, "The article about you is a good example of free enterprise and reminds me of my last year in Jaycees here in Odessa when some of my Jaycee friends formed our Savings & Loan; I applied for managership 18 years ago and they, as good Jaycees, gave me this opportunity". Like my own case, the private enterprise system brought great success to Emil as it has to me, so we both like the tenet in the Jaycee Creed, "That economic justice can best be won by free men through free enterprise".

John Hamrick wrote that following a world conference on textiles in Vienna he stopped at delightful Hotel Porcia in Klagenfurt, Austria and discovered that it is owned by Bernhard Musil, who is an Austrian Jaycee and a candidate for JCI Vice-President at the World Congress to be held here in a few days and whom I hope to meet. I'm sure free enterprise is close to his heart, too.

Another example is that of Carl Hudson, who was featured in the International Magazine of 7-Up Company as "Ambassador in Retirement" and telling of his 30 years as their distributor in Lincoln, Nebraska and how he built up his company and how now in retirement he still preaches the free enterprise system as an "Ambassador in Retirement".

Allan "Scoop" Heuerman, now retired after 42 years with the Minneapolis Star and Tribune has moved to 17318 East Tejon Drive, Fountain Hills, Arizona 85268, so mates in that area should welcome him.

Bill Kurtz is retiring from his banking career and asks that we now send the "Log" to his home-807 Prospect, Winnetka, Illinois 60093. We wish you many happy years in retirement, Bill.

Fred Kegelmeyer is relocating at Fort Lauderdale, Florida, his address is c/o P. F. Brunger Export Company, 245 Southwest 31st Street, zip code 33315 and we wish you great success in your new affiliation.

Dell Leites is joining his long time Jaycee buddy, Arley Sica and moving to 2428 Columbia Drive, Apt. 58, Clearwater, Florida 33515, so change his address on the roster.

Eric Cahn whom I mentioned in last "Log" as mail coming back, writes that he has moved to 2629 Quail Street, Lakewood, Colorado 80215, so correct his address. Likewise Chandler Ketchum's new address is 1519 Red Fern Drive, Pittsburgh, Pennsylvania 15241 and Don Shriner's is 3024 Paddock Road, Apt. 112, Omaha, Nebraska 68124.

Now if you Crew members will find the new addresses of the following whose mail is returned - Toshi Serizawa, A. J. Brioschi, Ralph B. Brown, John Van Gorder and Eugene Pheiffer, we'll get them back on the list.

John Thomas asks us to take on board John Aycock, Gadsden Metro Chamber of Commerce, P. O. Box 185, Gadsden, Alabama 35902 where he is Executive Vice-President of the C. of C. of which John himself is President.

Bob Cronk, who is Executive Director of Project Concern, sent me the annual report of this fine organization and I want to compliment him on the great work they are doing. Their motto is, "Involved in mankind" and here again our Creed, "Service to humanity is the best work of life" is exemplified.

Judge Jerome Farris, of Washington State Court of Appeals, one of our mates, is also interested in "service to mankind" and asked me to review a film on world hunger and U. S. foreign aid that a young man, Keith Blume, has put together, so I'm looking forward to meeting him and reviewing the film.

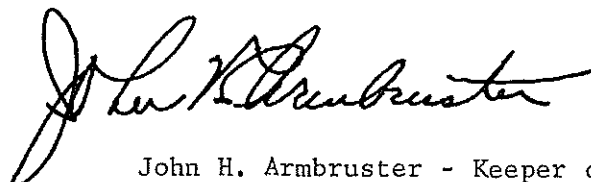

We now have Marsh Miller's address - P. O. Box 1, Lansdowne, Pennsylvania 19050 and Ed Pond asks us to change his to 1462 Diolinda Avenue, Santa Fe, New Mexico 87501 and George Sime writes he has now retired and moving to 2308 - 324th, N. W., Stanwood, Washington 98292.

Speaking of the World Congress, Cliff Myatt will be the moderator of a special forum on Friday, November 12th and has asked Abe Ashner and me to be on the panel, so I'm looking forward to that experience.

It is so good to chronicle good things about our mates and their accomplishments. It reminds me of an article I read recently, which read,

"The power of influence cannot be overestimated. The eminent scientist, Le Conte Donuoy had the following to say about the influence people exert which makes them remembered. She said "Every one of us leaves a trail, either modest or brilliant, and this conviction should make itself felt in all the facets of our lives".

Cordially,

John H. Armbruster - Keeper of the Log
