Log of the S. S. Fellowship

December 15, 1977

It was a pleasure for me to be the guest at breakfast of Vic Levit while I was attending a convention in San Francisco; sorry I missed seeing Henry Kearns who was out of town when I called him.

George Schloegel who is Exec. VP of Hancock Bank at Gulfport, Miss. sent me a copy of the IBM ad that was in the November issue of "Bank Systems and Equipment" magazine as they featured a testimonial for IBM by me and included my picture. Thanks, George, for sending it and your good wishes.

Harry Litzenberger wrote that he and his wife, Katie, had a pleasant reunion with Howdy Reynolds in Honolulu. Harry's new address is changed to 3224 S. Heather Garden Way, Aurora Colorado 80014, so change it on your records. Rick Thomas wrote that he and his wife visited Steve Santangelo in Hawaii and on return from Hawaii they had a nice visit with Fred Figge whom they had not seen for over ten years. I like to hear of the mates keeping up their Jaycee friendships. And Baxter Maddox wrote he had a nice visit with Roz Rosengren so these two mates got to renew old friendships.

The staff at the USJC office alerted me that they were having a luncheon to honor Walt Clinton on his birthday at a restaurant in Tulsa and I was delighted to telephone him at the event to add my own congratulations to this stalwart life-long Jaycee pioneer.

Other visits was the pleasure Bob and Helen Smith had with Cal and Lucille Junge and Bus and Helen Lee at Junge's home in Sun City, Arizona, and then with Lou and Helen Leverington at their home. How wonderful are the friendships made in Jaycees and how they last all our lives.

I was glad to read Bill Waters statement "I have breakfast every Monday morning with Chuck Shearer who is Program Director of the Washington Brotherhood of International Christian Leadership.

I'm using the letterheads this time of Columbia, Mo. Chamber of Commerce supplied by our mate Geo. Spencer. Thanks, George, for supplying them.

Francis Brenner has a letter from Mills Hyatt House at Charleston confirming 120 rooms at this fine hotel for our next Crew Reunion and has word that the US Chamber's meeting will be April 30th thru May 2nd. This means that the Crew will meet April 28th, 29th and those who wish to go to the Chamber meeting in Washington can attend that, too, as it's only a trip of an hour and a half leaving Sunday afternoon. So Francis hopes we'll have the largest attendance ever and says "this is certainly an important event in my life and I know that all members of the Crew in this area will feel the same way".

Steve Allen tells me he had received a great many names for the roster and I hope all who haven't sent in their data to him will do so now so as to have it in the roster which he plans to have printed shortly.

And Joe Dolan keeps me informed of the growing number of the Crew who are helping with the archives - both in sending material we have which we should forward to him to have available for future generations the great history of the Jaycee movement. Gathering this memorabilia reminds me of the remark Richard L. Evans, the Rotary International President 1966-67 said

"A man may have a great truth, he may make a great discovery, or produce a great product and yet die without anybody having benefited from it, if he doesn't share it."

Christmas Greetings - Happy New Year.

Sincerely,

JOHN H. ARMBRUSTER
