Log of the S. S. Fellowship

February 15th, 1978

I was invited to the 40th anniversary Founders Day Program at Winchester, Va. January 21st where they honored their past Presidents and especially Tom Baldridge, the founder of the group, and to present Tom with his Ambassadorship. With the commitments here I was unable to have the honor but we all want to congratulate Tom on his award as a JC Ambassador. Sorry I couldn't make it Tom.

And we're sorry to lose three of our mates - Verne Vance <sup>delete</sup> sent the clipping of the newspaper praising Ray Stryker who passed on; then Ray Bandy's office manager wrote that Ray passed on and said "He enjoyed your publication immensley and read it to him every time it arrived. Thank you for remembering him". And then Bob Mulhair wrote that his brother Chuck passed on and sent me the great Jaycee record from the Sioux Falls Bulletin and the South Dakota Jaycee magazine. He was truly a dedicated Jaycee. We mourn the losses of these three fine mates of our Crew but are grateful that we had the privilege of having their friendship.

And our mates are honored in so many ways. For instance F. Norman Hill has retired as Gen. Mgr. of the San Antonio Transit and the "PASSENGER TRANSPORT", the weekly publication of the Transit industry, gave him a front page salute as a nationally recognized leader in the industry. Norman asks that we now use his new address - 801 Ridgemont, San Antonio, Texas 78209.

Dick Barry also announced his retirement from Barry Plastic Industries which is merging with another company but he has been invited to be a Director of the Minnetonka Plastic Co. and has accepted the invitation.

Howard Chase sent me the Chase-Jones issue, Management Process Model, which he says is the first and only systems approach to Public Policy Management. It's quite a sophisticated treatise and some of the mates may want a copy which has a nominal fee - his address 333 Mayapple Rd. Stamford, Connecticut 06903.

Mat Hiers wrote "Francis Brenner, John Hamrick, Zip Zipperer, Frank Hanckel of the Tourism Committee for City of Charleston and I had a most pleasant meeting to make preliminary plans for the Crew's meeting in April. He sent me the letterheads I'm using this time and the brochures and ends his letter saying "We all look forward to meeting the members of the Crew in Charleston and feel sure all will go away saying they enjoyed the uniqueness of Charleston and the type programs we are developing". That should whet your appetite to come.

Charles F. Hyatt, Chairman, Representing the Governor  
Charles T. Mauro, Representing Sen. Strom Thurmond  
J. E. Guerry, Jr., Representing Sen. Ernest F. Hollings  
Alex C. Crouch, V. Chairman, Representing Cong. James R. Mann  
A. Crawford Clarkson, Jr., Representing Cong. Floyd D. Spence  
Leroy H. Keyserling, Representing Cong. Mendel J. Davis

James T. Lazar, Representing Cong. Butler C. Derrick, Jr.  
J. Mat Hiers, Representing Cong. Kenneth L. Holland  
Horace L. Tilghman, Jr., Representing Cong. John W. Jenrette  
RADM Herman J. Kossler, USN (Ret), Executive Director  
CAPT. Audley H. McCain, USN (Ret), Assistant Director  
Frank K. Sloan, Legal Counsel

February 15th, 1978

George Pagonis asks us to take into the Crew Jim Ownby P. O. Box 8236, Honolulu, Hawaii 96815, who was an Alabama Jaycee and whose son who owns a station in Jackson, Miss. is also a Jaycee. George said "Jim travels the world on a humanitarian mission called "Good Bears of the World" starting dens to supply teddy bears to children in hospitals and attended one of the fellowship breakfasts with so many of the Jaycees in Washington, DC."

Paul Heath has retired and moved to 855 N. Park Road, Apt. U-202, Wyomissing, Pa. 19610. Incidentally Paul last year was made a Jaycee Ambassador. And "Zeke" Martineau asks us to change his address to 7 Dogwood Court, East Brunswick, N.J. 08816.

Our mate, F. Hightower, asks us to change his address to P. O. Box 1001, San Angelo, Texas 76901; Larry Olson said Malcolm Fellows address should be Whiteheads, P. O. Box #42, Snow Hill, Wolverhampton, West Midlands, England so change it; Verne Vance couldn't understand his mail coming back as he has not moved and still at the home address we had. Verne is Asst. City Attorney for the City of Omaha as you know.

Bob Cronk wrote that he was having dinner with Fred Gillen and with Julius Jensen, both long-time Jaycees and asks us to take on board Terry McCann, Exec. Director Postmaster International offices at 2200 North Grand Ave. Santa Ana, California 92711, Terry was on the U.S. Jaycees headquarters staff in 1965 and prior to that was a Gold Medal Olympic wrestler. Glad to take him aboard. And we're taking on board Lowell Thompson 3405 Skycraft Circle, Minneapolis, Minn. 55418 who is one of the Trustees of the U. S. Jaycees Foundation.

Tony Saneusanio sent me the newspaper article that Ed Merdes had announced his candidacy for Governor of Alaska; we wish him a successful race for that high office.

Ramon Del Rosario writes "since your issue of Nov. 15th I have received many messages of congratulations from fellow Jaycees of bygone days who, like me, are keeping abreast with the Jaycee world through the S. S. Fellowship".

Those of you who get the U. S. Chamber "Washington Report" last issue had a fine picture of our mate, Secy. of the Interior Cecil Andrus. Did you notice it?

Mail comes back addressed to the following mates; if you can supply the corrected address I'd appreciate it so they will get the "Log" - Wm. D. Becker, Louisville KY, John Mitchell, Omaha, Lamar Buckner Sacramento, Cal., G. Vernon Clarke Alexandria, V., Paul LaFromboise Quebec, Canada, Alan Watkins, Honolulu, E. C. Arkwright, Morgantown, West Va.

When I get letters from the mates and clippings they send lauding other mates, I think of the words of G. K. Chesterton, the English journalist who wrote

"The really great person is the person who makes every person feel great."

And that's what our mates do.

Sincerely,

  
JOHN H. ARMBRUSTER  
Keeper of the Log

P. S. I have much more news but no space. I'll hold it till next Log.
