LOG OF THE S. S. FELLOWSHIP:

July 15, 1978

Mates, our beloved John Armbruster closed the Log with favorite quotations that reflected his personal philosophy. The U. S. Jaycees Foundation office is going through all of the past Logs to record the entire quotes from 1931 to 1978 and they will be used at the end of each future Log.

We have recently received "A Tribute to John Armbruster" from Pat Morita, Regional Vice President of the Missouri Jaycee wives. Anyone desiring a copy of this article which was in the Community Federal publication, please contact me and it will be sent.

The rich tradition of the Fellowship continues to be prevalent as noted in an edition of PUSH entitled "History of the Junior Chamber of Commerce, 1915-1923" where I saw a photograph of Orville Spreen who served as Assistant to the Secretary in 1915-16. We are very anxious to add to the Archives an interview with Orville on tape, as well as a feature story in the Future Magazine by Steve Coury, the Editor.

Chairman of the Foundation, Bob Lindholm, performed his usual PR job by welcoming the 51 Past State Presidents and Past National Vice Presidents to the Crew in Atlantic City.

George Gambos has requested that we take on board Peter B. Watts, JCI President in 1955, 2 Montah Ave., Killara (Sydney) NSW 2071, Australia. Welcome aboard, Peter.

George Seibels, former Mayor of Birmingham and an active Jaycee from 1938 to 1955 states that he is back in Alabama after having served for 17 months in Washington.

Chuck Shearer in his up-dated report of the events to come in next year's Crew meeting in Washington, advises that the Administrations of Bob Cox and Bob Clark will be honored. This will be the 20th Anniversary for Clark, and 21st for Cox since we missed him this year. Also, on Sunday April 29, 1979 at the 11:00 a.m. service, the Crew will be present at the Washington Cathedral with the morning lesson being read by Barry Kennedy, current U. S. Jaycees President. Immediately afterward, the usual meaningful meeting of the Crew will be held, along with a tour of the Cathedral. Thanks, Chuck.

Contributions continue to come in to assist with the mailing of the Log, and Harvey Smith from Canada sent in his check along with a nice letter expressing the fact he was so gratified that John Armbruster made the Montreal meeting last September. He imagined that Phil Pugsley and John must be having an enjoyable time comparing notes.

Joe Dolan, Director of the Foundation, and living proof that dynamite is packed in small packages, informed me with the usual expression "WOW" when he received John Armbruster's Oliver typewriter which he used for over 60 years. The typewriter is safely locked in a glass case and is truly wonderful to see. We send our heartfelt thanks to Ken Fiala of Community Federal and the Armbruster family.

July 15, 1978

Joe also states that they were not able to merge the various mailing lists for the CREED newsletter which was mailed several months ago. However, all mailing lists will be integrated for the second issue in the fall.

As we all know, the Archives Project was very dear to John Armbruster and he worked tirelessly with the U. S. Jaycees Foundation to insure its successful establishment.

WHAT A TRIBUTE TO JOHN'S VISION -- He started the "100 THOUSAND DOLLAR CREW" by sending in his contribution -- and NOW WE HAVE 94 MEMBERS WHICH INCLUDE 22 PAST NATIONAL PRESIDENTS! The following is a list of the new members: The Ohio Jaycee Senate has joined with a contribution in the name of William Brownfield; Tom Baldridge, Wade Batten, Gene Bishop, Leo Briere, William Connolly, Chuck Fries (who was recently elected President of the U. S. JCI Senate), James Hall, Robert Harrison, Ed Hayward, Dick Hiatt, Charles W. Johnson, Jr., Chick Lantz, Richard Montgomery, Mylrd Nofzinger, Jim O'Connell, Gary Olsen, Larry Olsen, Clay T. Roberts (a new member of the U. S. Jaycees, who was so impressed with the Archives that he wanted to be a member), Milton Smith, Robert Stefi, and William Winter. We thank each and every member of this illustrious group. The silver scroll in the Archives Hall will indeed be covered with the outstanding names of Jaycee history. Since there are only six vacancies left we urge that you contact us soon in order that you may be among this august group.

We have received word that Harley A. Whitfield was recently elected to the Board of Directors of Hawkeye-Security Insurance Company, United Security Insurance Company and Northeastern Insurance Company of Hartford. Former Jaycees appear regularly in positions of responsibility in the world. Congratulations, Harley.

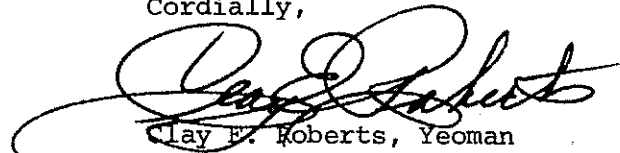

We hope you noted the letterheads for this Log were furnished by Edwin H. May, Jr., of Alexander & Alexander of Connecticut Inc. We appreciate it, Ed.

As I reflect upon my life as a father, I am reminded of Proverbs 13:1 which says, "A wise son heareth his father's instructions". I have been rewarded by my son's desire to help pay my debt to the Jaycee movement.

I certainly agree with John Armbruster in his October 15, 1976 Log wherein he noted the Jaycee growth throughout the world, and that they practice what they preach. He said -- "It reminds me of the words of Frank Pyles who wrote:

It is not what we eat that makes us strong, but what we digest; not what we earn but what we save that makes us rich; not what we read but what we remember that makes us learned, not what we profess but what we practice that determines our consequence among men."

Cordially,

Clay F. Roberts, Yeoman
Naval Quartermaster
